BEBAMBÚ PRODUCTOS SOSTENIBLES, S.L.

DISPENSER

A dispenser considerably reduces the quantity of daily disposable waste;
The usage of plastic is significantly reduced as well as the plastic being very light and fully recyclable.

DISPENSER THE BRIGHT IDEA

WHY CHOOSE A DISPENSER?

A dispenser considerably reduces the quantity of daily disposable waste; the usage of plastic is significantly reduced as well as the plastic being very light and fully recyclable.

Green start from heart

Virgn PE and PET plastics can be substituted by recycled PE and PET.
Additives like Eco Pure can be added to make package bio.
For using PCR Post Consumer Recycle,
Let green start from heart.

EcoPure®

ECO-FRIENDLY FORMULATIONS

Fully aware of the necessity to protect our planet, all the time we've been working on environmentally friendly materials and organic formulation.

We use natural ingredients and plant-based surface-active agents boasting over 90% biodegradability. Our products are not tested on animals.

The formulation does not contain parabens, silicones, formaldehydes or ingredients of animal origin.

FAIR TRADE CERTIFIED FAIR TRADE INGREDIENT

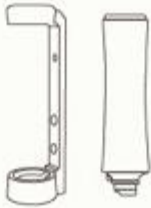

- BUTYROSPERMUM PARKII (SHEA BUTTER)
- OLEA EUROPAEA (OLIVE) FRUIT OIL

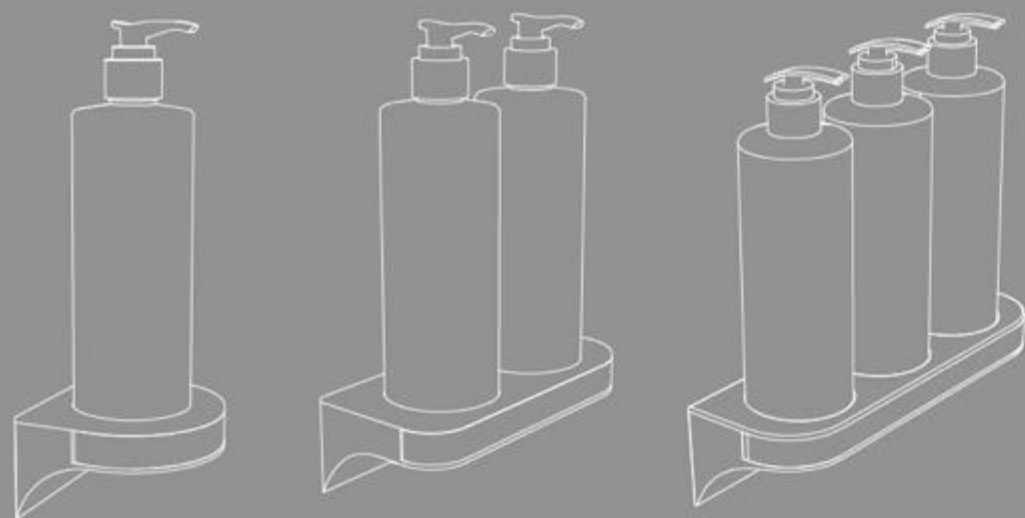

The formulations supports the principles of fair trade by using Fairtrade-certified raw materials like olive oil and shea butter. It is more than premium quality, it is a commitment making the world a better place.

INVISIBLE ACRYLIC
HOLDER

300~500ml

ECONOMICAL & ECOLOGICAL

Product introduction:

This is a kind of acrylic material, through high temperature hot press, precision cutting into one of the safe and sanitary invisible soap liquid holder. The product has been tested over and over again and has a strong performance compared to conventional ones. ABS/ metal bracket is more economical and environment-friendly. Meanwhile, the product is simple in structure, light in weight and easy to use. Different colors can also be customized according to the color of the wall.

Product features:

1. Invisible
2. Light weight
3. Color and shape customized as per bottle shape and design
4. Cost-saving option for customer
5. Installed by 3M type with less hurting to wall
6. Easy to replace the bottle
7. Available for single, double and triple structures
